

# Passing Along the Baseball Tradition

...Continued from Page 1

Now, the field gets everyone's attention that visits the house. His sons play baseball even when it's soccer season and they play for a soccer team. Family events are held there and the older members often have home run derbys so they don't have to run the bases. Neighbors have joked about advertising their businesses on the fence like at big ballparks. Employees at Olinger's Pa-

triot Pools business often want to go hit a ball or two before getting to work.

"The only time we don't play is when it's too cold, wet or rainy," Olinger said. "They love to play, so we built it. Now they want dugouts."

## New Carlisle Friends of Felines

Rosie is a lively, friendly dilute calico female cat of uncertain age (probably about 12 or 13 years), spayed and up-to-date with all shots. She is extremely affectionate, and craves attention and interaction - a real sweetheart! She was found deserted by her owner in an apartment complex. Rosie is NOT fluffy - she comes from a mix of a breed with no undercoat; but she loves to be brushed and petted, and to snuggle on your lap. She appeared sickly recently, and we found that Rosie suffers from a thyroid deficiency - but she is being treated with medication, and is now healthy and happy and back to her normal amiable self. Rosie is our official greeter, and deserves a loving home of her own. Her owner will need to continue to admin-

ister her thyroid medication for the rest of her life, but will be well rewarded with affection and gratitude. Our adoption fee is \$55, which includes cat supplies and a complete health record. Adopters must pledge NOT to declaw, and to keep her as an indoor cat only. To get more information about adoption, to arrange to visit Rosie and get to know her, or to meet our other adopt-

able cats and kittens, call Pat, foster caregiver, at (937) 236-7566 to arrange a time; or e-mail ncf@earthlink.net; or visit us at <http://www.petfinder.com/shelters/OH293.htm>; or contact Donna, president of New Carlisle Friends of Felines, at (937) 313-5310. (New Carlisle Friends of Felines is a small foster network, currently full to capacity and unable to accept additional cats.)

*and a little child shall lead them.*
